

PowerHive

Presentation of 2° Sprint

Sprint Goal

Enable the manager to execute the first two analysis with an improved UI and better privacy, and to visualize the history of the previous analysis.

- Upgrade User Interface and Security

The image shows a user interface for a login and registration system. It features a green 'Register' button at the top, followed by the word 'Login' in bold. Below this are two input fields: 'Username' with the text 'fuffy' and 'Password' with masked characters '....'. A red error message 'Incorrect username or password, retry' is displayed below the password field. At the bottom is a green 'Login' button.

Next Improvements

- ▶ Add new analysis for energy community with batteries
- ▶ Add the possibility to save analysis 2 and 3
- ▶ Stop the execution of Clingo solver with a time-out chosen by manager
- ▶ General improvements
- ▶ Working on technical debt

Stakeholders requests or ideas ?
